### UBR, URBAN BUSINESS RESERVE ZONING DISTRICT

**Purpose:** This district is intended to preserve land in those areas of Scott County identified in its Comprehensive Plan for the logical extension of urban commercial and industrial land uses served by public utilities. This district is intended to preserve a very low rural residential density until such time as the land is needed for future urban commercial or industrial use and public utilities are available. This district is also meant to perform the following functions:

- To conserve land in a viable economic status until such time as public utilities are available and the site may accommodate intense urban commercial or industrial land use.
- To reduce the possibility of urban/rural land use conflicts in both the use of the land and future extension of public utilities and other infrastructure items.
- The ultimate land use may change with the introduction of utilities and annexation of the land by an adjoining city.
