

Scott County Public Health offers several clinics for Scott County residents who are uninsured or under-insured:

The Mobile Health Clinic in partnership with the Shakopee Mdewakanton Sioux Community (SMCS) provides free care for short term illness, ongoing health problems, and health screenings. Clinic services are free for all residents.

CLOSED until further notice.

The Immunization Clinic gives immunizations to Scott County residents age 6 weeks through adulthood. The clinic is generally open two Monday's per month from 2:00-5:00 pm. The clinic is located at the Workforce Center, 792 Canterbury Road, Suite 231. A \$10 donation per vaccine is appreciated, but not required.

Appointments can be made by calling 952-496-8555.

Nurse Clinic offers care for residents who need help with health issues, such as immunizations, blood pressure checks, glucose monitoring, and general health questions. The clinic also provides Tuberculosis skin tests (Mantoux), which are given on Tuesday and read on Thursday. There is a \$15 fee for the Mantoux testing. The clinic is open Tuesday and Thursday mornings 8:30-10:30 am at the Career Force Center, 792 Canterbury Road, Suite 231 in Shakopee.

Appointments can be made by calling 952-496-8555.
